## Dress a Girl Numbers for 2023! Hope 4 Women International Dress a Girl Around the World!

The year 2023 was a great year for distributing dresses! At this date I don't think all the numbers have been turned in. The number of dresses that have been reported is 105,399!! That brings our total of reported distributed dresses to 3,105,399!! Congratulations to all who are participating around the world! I know the numbers are higher but I only count what is actually reported. Who would have imagined when we began nearly fifteen years ago that God would expand our vision to so much more than we could ever have envisioned!

Thank you to our volunteers from around the world who make and distribute these beautiful dresses so girls can feel valued and loved! We still believe that every girl deserves at least one new dress! Since there are an estimated 4 billion females in the world we've got a few more dresses to make and distribute! Together, with God's direction, we will do this!

# WOMEN SPONSORSHIP!!

Christine Belima is 34 years old. She was forced to drop out of school due to lacking school fees. She married a peasant and they have two children. She doesn't currently have a business but would like to start a business of sewing for others as soon as she is sponsored.

Her dream is to earn enough money to purchase necessities for her children, pay their school fees and to set aside money for emergencies.
